The 2nd workshop coincides with the anniversary for the 50 years of Democritus University of Thrace!

The 2nd workshop takes place during the folklore cultural and live-music OLD TOWN FESTIVAL 2-9 of September in XANTHI !

The more your active support, participation and presentation(s) are targeted to the resilient community, The more we can do all critical urgent collaborative networking jobs simultaneously before, during and after the workshop. This is the main idea for organizing these workshops - the topics are open in general and especially open to society, different stakeholders.

If you have time please see in example these videos from February workshop prepared within 5 days from schools without our support, expressing their awareness in saving their lives and of other teachers and pupils through their earthquake readiness drills and message of solidarity to Turkish pupils...:

especially video of 3rd Primary School

https://drive.google.com/file/d/1pCFTFsVd6HrvZ31Rr8t_hs7CGgG8x7Ob/view?usp=sharing

it ends with a nice message of solidarity between people in Turkey hit by earthquake and Greek people!!!
